A few Gentle Reminders:

- The days are long and busy. Please pack a nutritional lunch and ample snacks to get your children through the day.
- Please send your child with a water bottle each day. The water fountains at the school are disconnected!
- Please send them with the right clothing for the weather as we spend a lot of time outdoors when we can. Campers must wear a t-shirt with sleeves and a hat for all outdoor activities to help prevent sunburns.
- Please send a change of clothes and swimsuit/towel each day in a plastic bag large enough to hold all items.
- A sturdy pair of sneakers is required for each camper to wear outdoors and an indoor pair must be provided as well
- Please dress your children in clothes and sneakers appropriate for play and that are easy for them to get on and off themselves as we promote independence as much as possible.
- Children must bring their own bike & helmet on biking days if they choose to participate in this activity.
- Schedules are subject to change based on circumstances out of our control, weather, and children's interests.
